Trial Eligibility and ORTs

The ORT Title must be earned at least 14 days before a trial opening date to be eligible for the first draw period.

All odors must be passed in order to earn the ORT title. It is not required that they all be passed at the same test.

Notification

Acknowledgement of entry acceptance/confirmation will be made by email when entries are processed.

Basic Description of the Test

To successfully pass an ORT a dog must identify the location of the target odor and the handler must correctly call an “alert” within a three-minute time period. The Odor Recognition Test consists of a drill type exercise which requires 12 closed boxes typically set up in a pattern of two rows, spaced a minimum of 48” apart. The ORT is conducted on leash. Complete information can be obtained on the NACSW website. Handlers may test on all 3 odors at the same event.

*All exhibitors should obtain and review a copy of the **NACSW K9 NOSE WORK® RULE BOOK**. You may get it from their website: www.NACSW.net*

No dog will be given more than one space in the same odor test at a single event.

LOCATION DETAILS

ADA Site Specific Conditions

This event location is a school. The pathways to the search areas are paved (some broken paved areas) and include ramp options. The search areas are on level ground with some broken paved areas. There may be long walks to the search areas.

Due to unforeseen conditions, such as weather or change in availability of areas at the location, these conditions may be modified at the last minute.

Modeled after real-life detection work, NACSW events are held in many different locations, with a variety of terrain, under varying weather conditions. Dogs and handlers need to be able to safely negotiate a variety of surfaces, including, but not limited to, tile, linoleum, carpeting, gravel, asphalt, uneven surfaces, and slippery footing. Handlers should be prepared to deal with a variety of weather conditions, including heat, cold, rain and snow. Events frequently require covering extensive distances to get to and from the parking area to each of the search areas and generally require that this be done across natural, uneven surfaces. Handlers should be prepared for the physical demands and must be able to navigate the terrain with their dog accordingly. Handlers should expect to spend most of the day outside or in their vehicles as there are rarely indoor crating options at events. Please be prepared for you and your canine partner to deal with all of these varying environmental challenges. Handlers should familiarize themselves with potential regional risks and health concerns that may affect themselves or their dogs. Handlers agree that they are entering this event at their own risk.

Due to unforeseen conditions, such as weather or change in availability of areas at the location, the details below may need to be modified at the last minute.

Parking

The parking lot is paved with no shade available and no extra space between vehicles.

RV Parking

The parking lot is small and can't handle vehicles that take up more than one standard parking space. Large RVs can't be accommodated. Please email Trial Host Contact/Secretary if you are unsure about parking.

Running Vehicles or Generators in the parking lot

The parking is tight at this location and running your vehicles or generators in the parking lot is not allowed at this event.

Reactive Dog Parking

There will not be specific reactive dog parking at this event.

Unentered Dogs

Unentered dogs must remain in the handler's vehicle during the event day. There will be ample potty areas, but unentered dogs should not be allowed to "play", exercise, or train on the event grounds.

Smoking

Smoking is not allowed on this event site, including the use of e-cigarettes.

Hotels

A list of area hotels is available here: www.tailwaggingdogs.net.

DOG INFORMATION

Dog Policies

- All dogs must be on a 6' leash at all times when not searching. NO flexi-leashes while not participating in a search.
- Reactive and/or spatially challenged dogs should wear a red bandana (to be provided by the dog's handler) to help signal others that the dog needs extra space from other dogs.
- Dogs will be toileted in designated areas and handlers must pick-up and dispose of waste.
- Dogs and handlers must stay in designated areas to avoid contaminating search space, interrupting a search, or from viewing any part of the searching.
- Handlers should expect to keep their dogs confined in a crate or vehicle when not searching. The logistics of an event typically do not allow for dogs to hang out on leash in between searches. Handlers should plan to provide their own shade using canopies or shade cloths.
- Refer to location details (above) for information on unentered dogs.

Females in Season

Females in season will be allowed to run wearing "pants" at the very end of the day after all other dogs have tested. Handlers with females in season should park and toilet their dogs away from the other dogs if the location logistics permit. Handlers must email the lisa@tailwaggingdogs.net so plans can be made for the dog.

Rules

Complete rules are available at www.NACSW.net. **It is the responsibility of each handler to read and understand the current NACSW™ Rule book prior to participating in a NACSW event.**

Liability

By registering for the ORT Test, the handler hereby assumes all risks of, and responsibility for, accidents and/or damage to her/himself or to her/his property or to others, resulting from the actions of her/his dog. The handler expressly agree that the NACSW, Lisa Kretner and Tail Wagging Dogs and its assignees or any other person, or persons, of said groups, shall not be held liable personally, or collectively, under any circumstances, for injury, and/or damage to her/himself, for loss or injury to property, whether due to uncontrolled dogs or negligence of any member of said groups, or any other cause, or causes. The handler also agrees to assume all financial liability that may be incurred by the NACSW due to the actions of themselves or their dogs regardless of the cause.

Sportsmanship

All handlers and spectators are expected to follow the rules of the NACSW and demonstrate good sportsmanship. This includes making sure the hide placements are unknown to the handler prior to searching and kept secret from other handlers. Please do not discuss hide placement or any details of a dog's performance that may provide information or clues to other handlers or may be overheard.

Results

During the odor re-sets, the official results sheet will be brought out to the parking area for handlers to photo or review. We recommend you verify your results on the official results sheet and let your host or judge know if you have any questions regarding your results.

Spectators

There is no general spectating at an ORT. Handlers in an ORT may not be spectators for other Handlers regardless of relationship (with the exception of a minor testing after the accompanying adult tests).

Non-handler attendance is allowed, however only immediate family members/friends of the dog/handler team being tested may spectate that team.

Spectating options may not be available or may be limited based on logistics.

Spectators are reminded that the hide placements must not be discussed, nor should they speak with any handlers about what they saw until after the event is complete.

No dogs will be allowed in the spectator area. No unentered dogs with spectators are allowed at the event.

An adult accompanying a minor must be present during the searches.

Everyone at the site must sign the waiver provided by the host and comply with all event requirements.

Handlers are not allowed to watch the searches at any time.

Videotaping and Photography

If the site allows public video to be taken, handlers may wear visible head or chest cameras to record their searches. You will not be allowed extra time at the start line to get your camera functioning. Please be sure it is ready to go prior to arriving at the search area. At ORTs, handlers may bring a spectator to video or photograph their searches. Videos may not be made public until completion of the event day.

At the host's discretion, a photographer and/or video service may be present during the event to offer photos and/or videos for sale to the handlers. Professional Video &/or Photography service:

Nosey Paws, Kiem Sie and Ciera Reflections will be taking video of the ORT. Details will be available at check in.
